

DINING & MEAL PLAN

Simplified Meal Plan Management

Managing student transactions on campus can seem like a daunting task. TotalCard's simple and intuitive point of sale module allows for flexible meal plan management, customized to meet the specific needs of your campus. The user-friendly, highly configurable application helps you to manage the use of meal plans in your food service environment.

"TotalCard's point of sale system is so easy for our staff members to use. Since implementing the system, students and faculty can easily use meal plans or campus card dollars to purchase meals and snacks at any location on campus."

Director of Student Dining Services

Key Features & Benefits:

- Unlimited number of meal plan definitions
